Audience Comments:

Sewer & water August 4 Update on Sewer Lagoon from Evan McMillan

We are working on options to keep the non-discharging lagoon as far from UP properties as possible.

We are still focusing on a non-discharging lagoon and plan to move forward with boring samples soon. Funding applications are nearing completion, and we are currently waiting on responses from several governmental agencies on environmental impacts which should come within the next month. I will keep you updated with any new developments and commission presentations.
