1. Call to Order - Budget Hearing & Mill Levy Increase

a. Sarah - Mill levy increase

b. Public Discussion – There were questions about why the mill levy was important to UP. Sarah explained that because of budget neutral funding, yearly funds from county taxes have actually decreased. Funds will be needed to complete the pickleball/basketball court and for the realignment of the golf and frisbee golf courses after the completion of the sewer lagoon project.

c. Vote & Sign - The board approved a motion 3-0 to increase the revenue neutral rate from approximately \$9,000 to \$12,000, effective as a mill levy of around 6.0.
